## About Us

Broad Steel Industries LLP is a global steel trading company which is dealing in flat as well as long carbon steel products. Our company is actively engaged in serving the requirements of national as well as international markets for buying & selling steel products such as Pre-Painted Galvanized Steel, MS Hot Rolled Plate, Galvanized Slit Coil, etc. Being an international trading house, our firm is trusted by many big & reputed names in Indian and global markets because of the excellent quality of our product line. It is our aim to supply our clients with the most affordable products for their steel requirements along with best possible solutions. Our growing clientele in steel industry is the evidence that we are buying and supplying only quality steel items with best possible rates each time.

Our partnered manufacturing companies employ the best in quality, well designed and advanced performance based machines in the production. Strict quality based product testing eradicates all doubts on quality. We source range in bulk so as to accomplish orders placed to our company both small and large within a short period of time. We make delivery of orders to several locations in the world with complete safety because of our excellent logistics support. Constant focus on safe shipment makes us one of the reliable business entities for numerous customers. We encourage transparency in work that makes understanding our company simple for a lot of customers. Honest business practices, deep knowledge of different markets, customer benefiting views and strong core values are some traits which keep us in the limelight. These attributes contribute in our growing prominence in Indian and international markets.
